Suspected Fraud Pricing Scheme

Table with 4 columns: Service and Output, Number of Vehicles, Fixed Cost (excl. travel & VAT), and checkbox. Rows include Forensic Examination Advice Note (1 or 2 vehicles), Forensic Examination Advice Note Damage Report (1 or 2 vehicles), Typical Costs (excl. travel and VAT), Additional Photographs, Repair costs, Repair costs (with Audatex/Glassmatix Report), and Vehicle valuation.

NOTE: The above costs are for fraud cases only.

FILE APPRAISAL

If an early indication of liability is required or you would like us to review available evidence and to provide comments on specific issues, then our appraisal service can be very cost effective. By reviewing engineering evidence, photographs, witness statements or police reports we can provide advice in the form of a none-disclosable letter.

File Appraisal Service

Service	Output	Cost	
Appraisal	Advice Note	£150	<input type="checkbox"/>

DESKTOP REPORTS

When vehicles are unavailable for physical inspection, GBB experts can utilise available documents (engineering evidence, photographs, witness statements) and provide a desktop report. Reports are priced depending on the complexity of the investigation; typical costs are shown below.

Desktop Reports

Service	Output	Typical Cost	
Desktop Report	Desktop Report Discussion Conclusions	£350 to £500	<input type="checkbox"/>
